# QUANTUM TAPE MEASURE & FOLDING KNIFE SET

### TAPE MEASURE

- Dual metric and imperial blade markings for versatile measurement
- Non-reflective blade finish for enhanced readability in all lighting
- Class II certified accuracy for dependable performance
- Wide 25mm blade for improved standout and stability
- True zero end hook for consistently precise measurements

### FOLDING KNIFE

- Precision-engineered zinc alloy body for superior durability
- Integrated blade storage for seamless access
- 3 Spare Blades Included
- Dedicated cutting slot for wire and straps
- Lanyard eyelet for secure, reliable tethering
- Ergonomically contoured handle for enhanced comfort and control
- Reinforced rear belt hook for confident, convenient carrying

#### CAUTION

- Retract the blade after use.
- Properly dispose of used blades.
- Keep out of reach of children
