1998
Komelon develop the world's first Dura Nylon Coated Blade Coating

1985
Komelon develop the world's first Fibreglass Tape Measure

KOMELON®

THE MEASURE OF QUALITY

Here at Komelon we take pride in offering high-quality measuring products that show the measure of quality with a focus on accuracy and user convenience.

Our measuring products are Class II accurate guarantees a high level of precision. Additionally, the dual-printed feature on most products, with scales on both sides of the tape enhances the usability, especially when measuring on walls or ceilings.

Our innovation of the worlds first magnetic hook shows our innovation and dedication about improving the users experience. The magnetic hook secures onto most metal surfaces both horizontally and vertically, this versatility makes measurements on various surfaces more convenient for users.

We have been pushing the boundaries in the industry from the begging with our First innovation in developing the world's first Fibreglass in 1985, not using traditional materials like steel shows komelon care it was developed to improve the users safety, particularly where electrical hazards are present.

Our double-coated fibreglass measuring tape is flexible and water-washable, and is resistant to corrosion. The transparent PVC which is 40 times more resistant, making it suitable for heavy-duty use in various work environments.

MEASURING

Our highly experienced team of engineers design, develop and oversee the manufacturing of our quality range of measuring products. This attention to detail guarantees each tape measure is built to the highest standard to ensure they are accurate, durable and comfortable in everyday use.

REVIEWS

Flaming Boilers

Never thought I would leave a review for a tape measure but to be fair the tape measure is sturdy and can measure accurately without the tape pinging back. Great product.

BH Property

By far the best tape measures I have used. Stands up to all sorts of abuse. Really long pull out no bending so much easier than most.

GRIPPER

The Komelon Gripper Pro comes in 3m/10ft, 5m/16ft, and 8m/26ft sizes. It is a quality, value for money tape, with a Class II accurate blade, with metric and imperial markings to cover most measuring tasks.

TOP FEATURES

- ABS PLASTIC CASE
- SOFT RUBBER GRIP
- DURA NY NYLON BLADE PROTECTION
- ROUNDED BLADE EDGES
- MATT FINISH BLADE

REVIEWS

Jamie W.

I have had no problems at all with this tape measure, it does get thrown around and so far stood up to the abuse. I like the hi-vis blade.

Adrip Plumbing

Best tape on the market I find the measurements on both sides very handy, good strong blade and the measurements on the blade are clear to read.

POWERBLADE

The Komelon PowerBlade II tape has a Dura NY nylon coated steel dual printed blade with vertical blade markings on the reverse and patented Hi-Viz blade printing. The Dura NY nylon coating offers superior quality that lasts up to 15 times longer than standard blade finishes.

TOP FEATURES

- PATENTED HI VIZ BLADE

AB Joinery

Recently purchased a Komelon PowerBlade, by far the best tape I have ever used, comes double sided as well which always comes in handy. Five stars in every department for me.

POWERBLADE STAINLESS STEEL

Why would someone need a Komelon Stainless Steel tape measure? It's a "must have" because Komelon's Stainless Steel products resist rusting extending its long life. The Stainless Steel PowerBlade is ideal for working in wet, dirty conditions and has a non-glare, two-sided silver blade.

The Stainless Steel PowerBlade components are the toughest out there The blade has five layers starting with a Stainless Steel blade and finishing with a tough Dura NY finish. This tape measure will get you through all conditions, whether its wet or dry, clean or dirty, this is one tough tape!

TOP FEATURES

- STAINLESS STEEL BLADE & SPRING
- STAINLESS STEEL DOUBLE END HOOK
- REVERSE BLADE MARKINGS
- RUBBER CUSHION BLADE OPENING

LED TAPE MEASURE

This ultra-compact 8m/26ft professional LED tape measure is an industry first! The built in LED light is strong enough to light up any dark environment, ensuring an accurate measurement. The LED has an auto shut-off after five minutes to reduce energy consumption and prolong battery life.

REVIEWS

Penny Pincher

Handy (pun intended) fits perfectly in the palm of my hand so I can use the light and the lock. Light is well placed. Great addition to my many tape measures laying around the house. This will likely become my go to.

Skeeter

Thus is a nice tape measure, especially for the price. The tape is nice and easy to read. The LED light is plenty bright, and is rechargeable. I have no complaints about this product and will purchase it again.

REVIEWS

Techguy
 Surprised by the quality of this tape. Metal and the quality of the printing was great.

Joseph Leiss
 These are great! I have one on the front edge of every table and workbench in my workshop. I also used them for 2 jigs for my table saw and router. Very convenient. I love them.

Mighty Handy
 Solid product! Great for replacing worn rulers on existing tools, or creating new ones. Sticks firmly, holds up to typical use.

STICK FLAT TAPE MEASURE

The Komelon Stick Flat Tape is a flat steel measuring tape with a 3M adhesive back which can be cut to any size. This tape will apply to any clean flat surface and is great for a table saw or any workbench. This is a must have for any stationary job and ensures accurate measurements.

REVIEWS

D Monger

This works really well. Eliminates the need to clip your tape to your jean pockets or spread the clip by hand to fit over a work belt.

David Thang

This tool takes accessibility to another level. I have been using this for a couple years now and the convenience is great

Mighty Handy

Good game changer tape measure never been so secure. Anyone in the trades should give it a try easy to work with one hand. Might even buy more.

QUICK DRAW UNIVERSAL TAPE MEASURE HOLSTER

Tape measures are used constantly on all jobs and projects. Komelon's Quick Draw allows for quick and easy access to your tape measure every time a measurement is needed. The Quick Draw locks your tape measure firmly in place when not in use. No longer do you have to struggle with attaching your tape measure to your belt .

TOP FEATURES

- UNIVERSAL FITTING
- STEEL SAFETY RING
- ABS CASE
- QUICK RELEASE BUTTON
- COMES WITH TWO FITTING ADAPTERS

Item Code	Description	Inner Box Quantity	Outer Box Quantity	Unit Bar Code	List Price	Nett Price

LONG FIBREGLASS TAPE

Komelon Long Fibreglass tapes come in 30m/100ft, 50m/165ft, 100m/330ft lengths. The ABS open frame has a gear driven winding handle and 2 steel rollers to allow the blade to return without twisting. The blade is made of 16,000 strand fibreglass to prevent stretch and it's the only fibreglass tape on the market to have Class 2 accuracy.

REVIEWS

Cooper Michael

Seems like a very high quality piece of kit for the money. If I were being hyper-critical, I would complain that there is no dedicated place to store the winding knob when the winding handle is closed. But I still think it's worth a 5.

TOP FEATURES

- CLASS II ACCURATE
- 16,000 STRAND FIBRE GLASS TAPE
- DOUBLE PVC COATED BLADE
- GEAR DRIVEN HANDLE
- 2 INTERNAL STEEL ROLLERS
